Dear ARDF friends!

We are a bunch of friends from Slovakia who also happen to be ARDF competitors. Some of us may be more or less familiar to you from international ARDF races and gatherings. We surely aren't most experienced in organizing this type of event, on the other hand, we altogether already visited dozens of races and we assume that our imagination of ideal ARDF competition is roughly the same as of most of you.

One of things that we miss the most in this sport is a lack of large international competitions throughout the year. The only time you meet your international friends is usually during championships, the time when the sole competition is most important.

Thus we decided to give this sport back what it had given us. A race that all competitors will enjoy, an experience that will leave you with beautiful memories and an occasion where we can all practice our favorite sport while having fun with our friends.

We invite you all to Slovakia, to our hometown - Martin. And we bet, you won't regret!

ACCOMMODATION

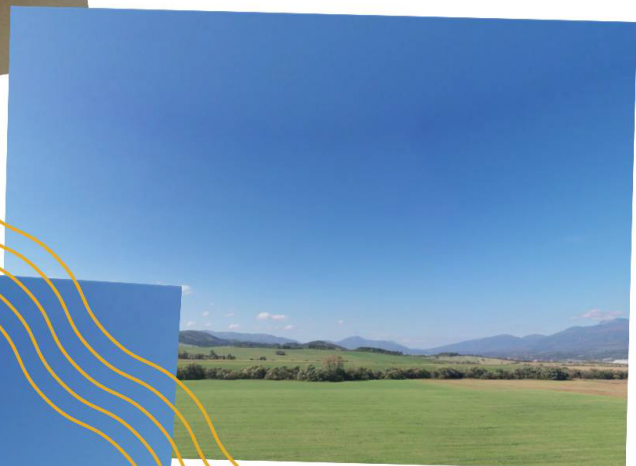

The event center of Slovakia Open 2023 will be based in dormitory of Jessenius Faculty of Medicine in Martin. Dormitory is located just beside Malá hora park above the city center.

Rooms contain either 2 or 3 single beds, desk, shelves and a balcony. Bathrooms are shared among neighboring rooms inside enclosed units. There are also kitchens available for use, but if you wish to use them, we advise you to bring your own equipment (plates, pans, etc.) as they are unequipped. We offer accommodation beginning on Thursday and ending on Sunday.

We also offer you a communal dinning inside of the dormitory building with availability of breakfast and dinner from Thursday to Sunday (the first meal being dinner and last breakfast). Breakfast will be organized in buffet style and dinner with hot prepared meals. Meals will include meat, vegetarian and gluten-free versions.

Flying to Slovakia:

Despite Slovakia having numerous airports, they are mostly military or non-commercial. Thus, it may be easier to find a flight to one of the airports outside of Slovakia. Beneath are listed ones that are most preferred by Slovak travellers. From there you may find your way to Martin either by car, bus or train.

On demand, we are open to help you find your transfer from any nearby airport to Martin.

Nearby airports outside of Slovakia:

Vienna International Airport (Austria)	~ 300 km	~ 3 h
Krakow Airport (Poland)	~ 200 km	~ 3 h
